

Shelby Nestler and the Make Mine Country Band Newsletter

February 2010

Hi Friends!

Hope all is well with you and yours. We keep hoping for warmer weather as we load and unload our equipment at our music shows! I'm sure it is just around the corner.

This newsletter includes information about our trip to the Wheeling Jamboree in March. How nice it would be to see the smiling faces of our friends and fans in Wheeling! You can email or call us with any questions you may have regarding the two buses headed to the Jamboree.

We attended the PA State Association of County Fairs Convention in Hershey in mid-January. It was quite an experience to be there with all of the other talented people hoping to land a few dates at the many fairs across Pennsylvania this year. Check our website to see how we fared!

The current band schedule is also included with this newsletter. However, as I mentioned above, check the website periodically. That is the best source of information regarding the band and where we will be.

We have been busy so far this year doing the shows we've done as well as working on new material. Two friends of ours have written songs for us and we would like to get into the studio to get them recorded. Stay tuned for more on that. Hopefully soon, you will hear them at one of our upcoming shows.

Those of you with computers should check out our MySpace page and also our YouTube page. It's amazing how many people we have met through those two sites. We are also now on Facebook. I am not so savvy on that site yet, but keep trying to become more acclimated to it.

Again, let me say how much the band and I appreciate your support as we travel across the state doing what we love to do. As your feet start
